Higher Brothers on the trap, oh mine mine mine
Oh, mine mine mine
Oh, mine mine mine
Higher Brothers on the trap, oh mine mine mine

Who wrote the song that you wanna play on repeat? Oh mine mine mine
Go to the store to buy brand name, oh mine mine mine
Autograph on tees and CDs, oh mine mine mine
Who brought you the sunshine when it rained?
Oh, mine mine mine
Oh, mine mine mine
Higher Brothers on the trap, oh mine mine mine
Oh, mine mine mine
Oh, mine mine mine
Higher Brothers on the trap, oh mine mine mine

What's mine will always be mine
Keep the heart still like a cup of water
I'll always do what I gotta do
Who plays the passerby in my life?
Those who are useless stop moving
They want me to keep them company
But I've got more things to do
Fill me up with the higher power
Kids growing up hate being compared to the trophy child the most
Now I've become the thorn in some people's sides but this is only the beginning
The future waits for us to drop another album and go on tour again
Make the girlfriend lose the single status and fall in love again, that's why this song goes even harder
Since you've sincerely asked
We'll make an exception this time and tell you
In order to prevent the destruction of the Earth
In order to protect the peace of the Earth
In order to stand by evil with love and sincerity
The cute and mischievous villains
DZ motherfuckin' knows
Rich followed by Psy.P, let's go

Who wrote the song that you wanna play on repeat? Oh mine mine mine
Go to the store to buy brand name, oh mine mine mine
Autograph on tees and CDs, oh mine mine mine
Who brought you the sunshine when it rained?
Oh, mine mine mine
Oh, mine mine mine
Higher Brothers on the trap, oh mine mine mine
Oh, mine mine mine
Oh, mine mine mine
Higher Brothers on the trap, oh mine mine mine

Peace, love, unity, and friendship, oh mine mine mine
Catching all the Pokémon, oh mine mine mine
Men gotta eat more chives, stars will always be photographed in secret
Bitch, please get out the way, I'm Chigga, not Jewish
Two Porsches parked downstairs, don't wanna answer questions so I leave
Even if I do nothing and daydream all day, the future will still be mine
Greek monster Medusa turns me into stone without me knowing

Died in a beauty's arms but worth it, I'll go to heaven and hang out with 2P
ac
Getting old, illness about to kill and I remember my childhood, can't go bac
k in time to how it was before
Sun shining on the hometown farms, walking by the river and saw Grandma's yo
uthful face
Seems like yesterday, lies weren't called out, ran fast for fear of being le
ft behind
Bike by my side, optimistic view on life, getting on on the last bus

Who wrote the song that you wanna play on repeat? Oh mine mine mine
Go to the store to buy brand name, oh mine mine mine
Autograph on tees and CDs, oh mine mine mine
Who brought you the sunshine when it rained?
Oh, mine mine mine
Oh, mine mine mine
Higher Brothers on the trap, oh mine mine mine
Oh, mine mine mine
Oh, mine mine mine
Higher Brothers on the trap, oh mine mine mine
