

Bella Stella

Highland

Bella Stella m' innamorato della notte
Con la sua magia...dentro me

Can you hear me

Sto pensanto a te

Double d on the fat track
With the ABE guess as the fat mack
Double d on my side ya,
Representing bella stella

Ti dimentico, Vertico...non lo so
Non ritornero piu da te
Ti dimentico, Vertico...non lo so
Tu rimanesti dentro me
...sto pensato a te

With da cast of a blast, in a stormy weather
It' s tha last with da mask bringing you tha terror, I dare ya
Step up quick with your mad emotions I leave slick, with a trick, drownin' in
a lotion
I got the right emotion, the right grooves, the right feeling
There' s nothing easier than se**** healing
There' s nothing I can do, I love you and boy u know my love is more than true

Ow lord have mercy on my soul, I' loosing control
As I grew up I reminisce what I 've been told I 've sold the other side of my
behaviour
I made ya and pay ya then laid ya, so save ya
Lesson for another damn stupid ol' brother in the hood
It's all good and my homies I shall cover
My pain is insane to the brain
I'm lain like a train that is strain
But the game is the same

Bella Stella m' innamorato della notte
Con la sua magia dentro me sto pensanto a te
Ti dimentico Vertigo...non lo so
Non ritornero piu da te
Ti dimentico Vertigo...non lo so
Tu rimanesti dentro me
...sto pensanto a te

You say we' re just friends but u can' t stand to see me with another
Man I can' t understand why u can' t deal with the reality
Don' t you think it's a pitty try to look pretty just for u
So what am I to do write it in a paper or spell it for u
(u know) this is love nothing lower and nothing above

Bella Stella m' innamorato della notte
Con la sua magia dentro me sto pensanto a te
Ti dimentico Vertigo...non lo so
Non ritornero piu da te
Ti dimentico Vertigo...non lo so
Tu rimanesti dentro me

...sto pensanto a te

Ti dimentico Vertigo...non lo so
Non ritornero piu da te
Ti dimentico Vertigo...non lo so
Tu rimanesti dentro me
...sto pensanto a te
