Yes or No

Ha let me talk about ma

At the sight of the coldly turned back,
It feels like time has stopped for a moment
In my blank mind,
I have to hold onto you, no I have to let you go
Oh, I cried because
I couldn't forget you, who forgot herself
Whatever will happen, let it happen, even I'm not too sure

I'll try to forget you when you turn around
I won't hold onto you again
(At your words saying just once more, just once more)
Think of me again
I won't hesitate anymore,
Now I'll throw you away

Don't go, don't leave me,
No matter how many times I think about it
It will be hard to forget you,
I don't think I can forget you

(I can't take my breath, breath, breath)
As time goes by, more and more, oh I
(I can't hold my breath, breath, breath)
More and more, I'm being suffocated,
My breath yeah

Breath in, breath out, ha ha
Breath in, breath out, ha ha
Breath in, breath out, ha ha
Breath in, breath out, ha ha

I'll try to erase it, your place isn't here anymore,
You have no place to return
(If you come closer and closer to me)
I'll go even further away,
Will you step aside now? I will throw you away

Don't do it, don't try to turn back,
No matter how many times I think about it
It will be so hard to erase you,
I think I'm going to go crazy

(I can't take my breath, breath, breath)
As time goes by, more and more, oh I
(I can't hold my breath, breath, breath)
More and more, I'm being suffocated,
My breath yeah

Breath in, breath out, ha ha
Breath in, breath out, ha ha
Breath in, breath out, ha ha

Breath in, breath out, ha ha

I don't know

I don't know, yeah

Yes or no, the night when the light sleeps,

The room with the lights off, the jumbled thoughts of you

Just won't go away

What can I possibly blame to bring a little bit of comfort?

Was the deep love a sin? Whatever will happen,

Let it happen, huh, even I'm not too sure
