It's not your fault
If you shake when the wind blows
I'm the one who couldn't hold onto you
So don't be sorry

You came to me, who didn't deserve you,
And shared your warmth
Everything has cooled now,
But I'm still so thankful

I hope it doesn't take too long
So I can see you no matter how far away you are
I'm okay with that
So you can beautifully fly away
My butterfly my butterfly
My butterfly, I hope it doesn't take too long

Don't worry, we just came back

To how it was before
My world was always dark
Before you came

If there's one thing I can't do,
No matter how much I try
It's my lips that call out your name,
I hate it but it makes me sad

I hope it doesn't take too long
So I can see you no matter how far away you are
I'm okay with that
So you can beautifully fly away
My butterfly my butterfly
My butterfly, I hope it doesn't take too long

I got my falling heart back up again,
Saying I'm OK
But truthfully, I couldn't throw anything away,
I'm so weak

Please come back, don't leave me,
I couldn't even say those easy words
Because your wings that flew away from me
Were so beautiful

I hope it doesn't take too long
So I can see you no matter how far away you are
I'm okay with that
So you can beautifully fly away
My butterfly my butterfly
My butterfly, I hope it doesn't take too long
