It can't be helped
Don't try to hold onto what has already left
It can't be helped
Because this time, this pain will pass in the end, hey

Don't wanna get too hung up on something like love
I love myself, I'm more precious than anything else
Don't wanna force something that doesn't fit to fit
Because I still like doing things my way

Time has passed me by
So why try to stay in the past?
It's too late to turn things around
Memories are now high above the sky

It can't be helped
Don't try to hold onto what has already left
It can't be helped
Because this time, this pain will pass in the end, hey

Today will soon become yesterday
Some day, it will be a memory
So I wanna let it all go with a smile
Because this time, this pain will pass in the end, hey

Not everything can be good, not everything can be bad
Not every single repeating day can be special
Why worry about something that won't even happen?
Even in this moment, the sun is slowly setting

Time has passed me by
So why try to stay in the past?
It's too late to turn things around
Memories are now high above the sky

It can't be helped
Don't try to hold onto what has already left
It can't be helped
Because this time, this pain will pass in the end, hey

Today will soon become yesterday
Some day, it will be a memory
So I wanna let it all go with a smile
Because this time, this pain will pass in the end, hey

I became an adult because of time
But there's still so much I don't know
Sometimes, I hate the world so much
But still, I try to live, I try to laugh out loud

It can't be helped
Don't try to hold onto what has already left
It can't be helped
Because this time, this pain will pass in the end, hey

Today will soon become yesterday
Some day, it will be a memory
So I wanna let it all go with a smile
Because this time, this pain will pass in the end, hey
