I still can't forget you  
I still can't trust everything  
Even today I can't send you away like this.

I will rewrite it again,  
Our story will not end  
I will bury fact that reality is  
Seeping into my skin for now  
I rewrite it once again,  
The start beginning with you and I smiling happily  
In case you will leave me,  
The background is a small room without an exit

I kiss you as if there is nothing wrong  
I can't leave your sweet presence  
There is no such thing as an end for us

Like this again (Fiction in Fiction)  
I can't forget you (Fiction in Fiction)  
I am writing the story that will  
Never end in my heart

I will hold on to you (Fiction in Fiction)  
I won't let you go (Fiction in Fiction in Fiction)  
I'm in the story of you  
And I that hasn't ended still,  
Even today in Fiction

Right now, there are only happy stores here  
The very happy stories of just the two of us  
(Different from reality) Is written here,  
It's slowly filling up

I run towards you and embrace you  
I can't never let you go from my embrace  
There is no such thing as an end for us

Like this again (Fiction in Fiction)  
I can't end it (Fiction in Fiction)

I am writing the story that will  
Never end in my heart

I will hold on to you (Fiction in Fiction)  
I won't let you go (Fiction in Fiction in Fiction)  
I'm in the story of you  
And I that hasn't ended still,  
Even today in Fiction

I will say this again, one more time  
Right now you are next to me  
I'm believing like that  
(But Fiction)

I'm the writer who lost his purpose  
The end of this novel, how am I supposed  
(My own Fiction) to write it  
I love you, I love you, I love you,  
I love you, I keep writing these 3 words  
(Everything is Fiction) Setting the worn out pen  
On the old paper strained in tears  
(Everything is Fiction) This story can't be  
Happy or sad

Right now I'm writing  
Such a happy story  
But it is all just a wish still

I'm happy (Fiction in Fiction in Fiction)  
We are together (Fiction in Fiction in Fiction)  
Now is the start (Fiction in Fiction in Fiction)  
There is no end (Fiction in Fiction in Fiction)
