I shouldn't have saved the words "I love you"
But said it more to you
Even if I was lazy, even if I was tired,
I should've ran to you because I missed you
I should've dropped you off
At your home every single day
Instead of meeting friends on the weekend,
I should've been with you

Why am I regretting now?
Why didn't I know back then?
I'm sorry (I'm sorry), I'm sorry, baby (I'm sorry, baby)
Why am I regretting now?
You are so precious to me
I hoped I would remain as a good memory to you

Because I was young back then,
Because I didn't know any better
Will you at least hear my excuses?
And will you hold my hand again?
Even if it's not now, even if it takes a little time
I will keep your spot empty,
I will continue to stay here

I hope it's not too late to bring you back
(I will keep your spot empty)
I hope you won't get so far that I can't reach you
(I will continue to stay here)

I didn't even hear it but the
Finishing bells have rung, I can't believe it
Without even a safety device, you broke up with me
And now you've become my yesterday and not my today
When I look back, instead of understanding you,
I put my pride forward and gave you a hard time

I'm sorry, I'm probably not in your heart anymore,
I'm probably just a memory to you

I know I should get over you
But it's not that easy
I'm sorry (I'm sorry), I'm sorry, baby (I'm sorry, baby)
I'm not used to anything without you,
You know me better
I wanted to give you only good memories

Because I was young back then,
Because I didn't know any better
Will you at least hear my excuses?
And will you hold my hand again?
Even if it's not now, even if it takes a little time
I will keep your spot empty,
I will continue to stay here

After days pass and time flows,
You become clearer
Why are the words "I love you"
Lingering in my mouth now?
I think I know now, I can be much better
But it's too late for these regrets,
You're already so far away

Because I was young back then,
Because I didn't know any better
Will you at least hear my excuses?
And will you hold my hand again?
Even if it's not now, even if it takes a little time
I will keep your spot empty,
I will continue to stay here

I hope it's not too late to bring you back
(I will keep your spot empty)
I hope you won't get so far that I can't reach you
(I will continue to stay here)
