I think we were dangerous to each other

That's why we were always in pain

Tears were always in your eyes

My reflection in your tears was a crazy me

I tried thinking of the moment we first met

Trying to force my heart to flutter again

But I saw you were struggling and I wanted more love

It couldn't go on

It's all good that you left me

If you can be happy, it's all good

It's a good break up when you left me

Because now we can sleep without tears

It's all good It's all good (to me)

It's alright, it's alright, I'm fine (to you)

Don't be sorry to me anymore

It's all good It's all good (to me)

It's all good, it's really all good

Our tug-of-war has lost its tension

Even looking at you felt like pressure

Talking to you didn't feel natural

At some point, it felt really hard

I thought we resembled each other but now I know

We're so different

I hoped you would be my last puzzle piece

But no matter how much you tried to fit, it didn't fit

I tried thinking of the moment we first met

Trying to force my heart to flutter again

But I saw you were struggling and I wanted more love

It couldn't go on

It's all good that you left me

If you can be happy, it's all good

It's a good break up when you left me

Because now we can sleep without tears

It's all good It's all good (to me)

It's alright, it's alright, I'm fine (to you)

Don't be sorry to me anymore

It's all good It's all good (to me)

It's all good, it's really all good

The tips have become sharper and if we stayed together

It wouldn't have been love but scars instead, scars instead

The tips have become sharper and if we stayed together

It wouldn't have been love but scars instead

Let's let each other go for both our sakes

Let's leave with only happy memories

It's all good that you left me

If you can be happy, it's all good

It's a good break up when you left me  
Because now we can sleep without tears

It's all good It's all good (to me)  
It's alright, it's alright, I'm fine (to you)  
Don't be sorry to me anymore  
It's all good It's all good (to me)  
It's all good, it's really all good
