I was having trouble in the long and dark
In the one place where a streak of light shines
In order to reach that place
Now my time is here Taking an easy breath
I will stand proud in front of you all

No matter how difficult it gets as I fall from being tired
The light that shines on me again

Even though I want to give up and run away
It shines towards me even brighter

If the lights go on again and shines over me again
I will raise myself again
Lights go on again lights go on again

When the light shines over me and wakes me again
It will move my heart again
Lights go on again Lights go on again

Oh lights go on again
Oh oh lights go on again yeah
Oh lights go on again
Oh oh lights go on again on again
