How about you?
Do you ever think of me sometimes?
On this long night, I close my eyes again
As I think of you, I can't go to sleep

It's especially a bit longer, this night without you
I'm getting sadder about the day I let you go
You will become buried, you will become forgotten
Someday

A sleepless night, so sad tonight
This night that I can't be with you
In the midnight a a a midnight
At thoughts of you, I can't go to sleep at midnight

This night that came again, so sad tonight
This night I face without you
In the midnight a a a midnight a
You're not here so I can't go to sleep at midnight

Faster than my eyes blinking, love came to me
Then left me, you can't do this to me
Enough, it's enough, stop hurting me so much
This night isn't ending
Because of this lingering attachment

I don't want to talk about things that have passed but
I guess I really liked you a lot
I keep thinking of you, I keep missing you more
As time goes by

A sleepless night, so sad tonight
This night that I can't be with you
In the midnight a a a midnight
At thoughts of you, I can't go to sleep at midnight

This night that came again, so sad tonight
This night I face without you
In the midnight a a a midnight a
You're not here so I can't go to sleep at midnight

The twinkling little stars, please comfort me
Without a place to lean on, I break down on this night
The twinkling little stars, please comfort me
Without a place to lean on, I break down

The star-counting nights,
The seasons pass and the nights change too
But it's still the same sleepless night

This night that came again, so sad tonight
This night I face without you
In the midnight a a a midnight a
You're not here so I can't go to sleep at midnight
