Oh na na na na~
Oh na na na na~

Oh na na na na~
Oh na na na na~

You seem sadder today
Look at me, looking at you
Lock your eyes with mine
You're tired from a long day
But I'll hold you in my arms

You're so dazzling
Baby you're my only angel
Just stay by my side
Just like now

Oh honey
When I see the sweet you
Everything stops
Oh honey
When I see the beautiful you
I can't take my eyes off of you
Even after time passes
I only have you
Oh honey
I'll hide you in me
As my girl

Oh na na na na~
Oh na na na na~

From your head to your toes
You're so perfect
From A to Z, I've fallen for you
Drunk off you, I want you baby
So no one will see
So no one will bother us
I won't let you go, only you

You're so dazzling
Baby you're my only angel
Just stay by my side
Just like now

Oh honey
When I see the sweet you
Everything stops
Oh honey
When I see the beautiful you
I can't take my eyes off of you
Even after time passes
I only have you
Oh honey
I'll hide you in me
As my girl

When they ask what about you I like so much
I have nothing much to say
I like you because I like you
No specific reason
If there was one
Some day those feelings will go away
The hot passion
Will cool down
Your special something
That isn't too out of the ordinary
It keeps igniting my heart
My fuel is your smile, vroom
I actually don't like sweet things
But if you're honey,
I'll become a bee

Oh honey
When I see the sweet you
Everything stops
Oh honey
When I see the beautiful you
I can't take my eyes off of you

Even after time passes
I only have you
Oh honey
I'll hide you in me
As my girl
