Hey pretty lady, look into my eyes
And put away the typical lines
Come close to me, woo baby
Your pretty red lips,
I wanna steal them tonight
Don't be scared and lean on me

Sweetie girl, so only I can see
Whisper in my ear,
I'll take you in my arms
Want you girl, close your eyes
So this moment with you becomes even hotter

It's so hot, it feels good right now
We're in each others arms
And I'm drunk in your eyes, baby
It's alright, tonight, it's you and me
Don't hide your feelings,
Forget everything and enjoy the moment

If I get burned,
It'll be in the shape of your lips
So hot like fire, I'll jump in just like a bug
I want to tell you which part of you is pretty
But I can't say it all in these short eight measures
Because of your fatal charms,
I keep thinking naughty things
It's all ready, a good house, a good car
I'm a man who is ready for you,
You just need to come

Sweetie girl, so only I can see
Whisper in my ear,
I'll take you in my arms
Want you girl, close your eyes
So this moment with you becomes even hotter

It's so hot, it feels good right now
We're in each others arms
And I'm drunk in your eyes, baby
It's alright, tonight, it's you and me
Don't hide your feelings,
Forget everything and enjoy the moment

Even after today passes and tomorrow comes
I can't forget this moment
Tonight, it's so hot, just like now, forever
I hope this night isn't the last, woo baby

It's so hot, it feels good right now
We're in each others arms
And I'm drunk in your eyes, baby
It's alright, tonight, it's you and me
Don't hide your feelings,
Forget everything and enjoy the moment

It's so hot It's so hot

It feels good right now (feels good)
Enjoy today (enjoy today)
It's so hot It's so hot
It feels good right now (feels good)
