When we first started  
I had no one to be jealous of  
Now I'm about to start being by myself  
I hope it won't be too hard

Waiting for a call that'll never come  
Remembering you in an empty room  
Hurting over small memories

Tearing up every time I think of you  
We are frozen in that time  
Now I'm about to start being by myself

I'm afraid of this new start  
Without you, by myself  
Will I do a good job?  
I'm worried that I will

I don't want anyone else that isn't you  
So I pray that some day  
We will be together again

The damage is too big  
To make you  
Into just another episode  
So I Can't Forget  
About Your Everything  
Everything  
Everything was fit to you

So if I try  
To bury my memories  
I have to dig deeper in my heart  
But will I be able to cover that pain?  
I'm afraid again  
After I took you out of my future  
That I imagined every day  
Nothing remains  
Is this the end?

Hurting over the traces you left behind  
Forcefully cleaning up the traces  
Tearing as I look at your pictures

There's so much of you in this empty room  
So the memories stop with time  
Now I'm about to start being by myself

I'm afraid of this new start  
Without you, by myself  
Will I do a good job?  
I'm worried about that

I don't want anyone else that isn't you  
So I pray that some day  
We will be together again

Are you hurt anywhere?  
Are you eating well?  
Now even worrying, I have to do by myself

If you're ever curious about me  
Call me anytime  
Don't be sick, please be well Goodbye

I'm afraid of this new start  
Without you, by myself  
Will I do a good job?  
I'm worried about that

I don't want anyone else that isn't you  
So I pray that some day  
We will be together again

I don't want anyone else that isn't you  
So I pray that some day  
We will be together again
