Never say good bye

I already know what you're gonna say  
I wanna keep it away  
I don't never wanna let you go

Don't say a thing, don't turn back

I already know what you are going to say  
With my head down I keep looking at my watch  
My heart is clenching

If I look at you without any words  
I can't stand it because I'm so nervous  
I keep calling your name  
But you don't answer

(Why why why)  
The conversations and words,  
Our meetings and our times keeps getting shorter  
(Never cry)  
I can't send you away like this

Only you ma girl. girl. Tell me baby.  
You're ma girl girl baby babe  
Don't leave, I don't want to forget you  
I only have you

I'm still loving you you. oh ma baby  
Only you you. baby babe  
Don't pretend like you don't know my love  
You know everything

Bye bye bye bye  
Your words are a lie lie lie lie  
My eyes cry cry cry cry cry tonight

Ok, I already know but,  
Like how old clothes get the warn out spots,  
Our love shared a lot of times  
Unlike the beginning,  
It's just pausing for a while  
After speaking of farewell,  
I know for sure that you will definitely regret it  
I will give you plenty of time for you  
To swallow the words you are holding in your heart

(Why why why)  
After saying that you love me,  
How can you turn away so easily?  
(I don't cry)  
I can't end it like this

Only you ma girl. girl. Tell me baby.  
You're ma girl girl baby babe  
Don't leave, I don't want to forget you  
I only have you

I'm still loving you you. oh ma baby  
Only you you. baby babe  
Don't pretend like you don't know my love  
You know everything

I will change,  
Anything works so  
Just tell me what to change  
The answer to our problems is never farewell  
If the love between you and  
I froze like a thorn in the cold winter,  
I'll try to melt it again  
You, you, just like now,

Just don't let go of my hands

Only you ma girl. girl. Tell me baby.  
You're ma girl girl baby babe  
Don't leave, I don't want to forget you  
I only have you

I'm still loving you you oh ma baby  
Only you you baby babe  
Don't pretend like you don't know my love  
You know everything

Bye bye bye bye  
My words are a lie lie lie lie lie  
My eyes cry cry cry cry tonight

Bye bye bye bye  
My words are a lie lie lie lie lie  
My eyes cry cry cry cry tonight  
(I'll never say goodbye...)
