I don't know how many times it's been
You only come to me when you need me
But I can't push you away
Even though I know it isn't right

The pain you leave behind makes me forget
All the countless tears dry up
You said you wanted to stop, you wanted to end things
But why are you coming to me?

You left me as if you couldn't wait
You turned away as if you'll be happy
But you shake me up again

Who am I
I don't even know
I'm being hurt again
Though I know better than anyone else

Who am I
I hate you right now
You're erasing me
And drawing a new me inside

Did you get hurt by someone else?
Are you sick of everything? Am I the only person you have?
I want to ask but I won't
So you won't think that I'm not over you yet

I think of you often but I never missed you
I missed you a lot but I never think about you
I'm just mumbling to myself but I'm fine
Just rest a little more and leave me

You left me as if you couldn't wait
You turned away as if you'll be happy
But you shake me up again

Who am I
I don't even know
I'm being hurt again
Though I know better than anyone else

Who am I
I hate you right now
You're erasing me
And drawing a new me inside

Since the day you left me
I thought about what I was going to say
If you ever came back to me
But now I can't say anything

I still can't erase you
My foolishness
I'm afraid that you'll find out

Who am I
I don't even know
I'm being hurt again
Though I know better than anyone else

Who am I
I hate you right now
You're erasing me
And drawing a new me inside

Even if it's like this
If you can stay by my side forever
