I'm gonna make you love me  
I love you,  
I'm only happy when you are here  
I always just need you.

Even though I can't say it right now,  
Even when I keep getting nervous looking at you  
I always think of you,  
You don't know yet,  
You don't know my love,  
I just need you

Umm.

I want you like this,  
I just keep seeing you  
In my head, it's filled with the thoughts of you.  
I'm so happy all day,  
I sing a song for you  
Anytime -

I'm gonna make you love me  
I love you,  
I'm only happy when you are here,  
I always just need you -

Because of you you you you  
I only think of you  
You you you Now  
Love me,  
Love me,  
Only look at me

When you are so tired and facing hard times,  
When you are in pain  
I'll be satisfied if I'm the person you look for,  
I'm happy with just that  
Oh baby Alright -

I was the silent one who said that I was  
Never going to have a one-sided love in my life  
That I was going to meet  
Someone who loves me  
But you are the girl that who broke all of that,  
How sad is this  
I leave a message on your phone  
Using the emoticons that  
I thought were so corny  
You are the first girl  
Who changed me this much

I'm gonna make you love me  
I love you  
I'm only happy when you are here,  
I always just need you

Because of you you you you  
I only think of you  
You you you Now  
Love me,  
Love me,  
Follow me

Slowly I will move closer to you  
I will now tell you gathering up my courage

I love you,  
I like you,  
I only need you Oh huh -

Instead of some awkward relationship of love  
That doesn't last for thousands of years  
The distance between you and I is like a road full of traffic,  
It's just feels hopeless, we aren't even far or close  
I think it's about time we got closer,

I'm a little impatient, but I'm not being forceful  
I just want to escape the nervousness  
And uncertainty of losing you  
I want to walk with you on a bright sunny day

Because of you you you you  
I only think of you  
You you you Now  
Love me,  
Love me,  
Only look at me
