

Evangeline

Highly Suspect

Your Majesty
Your kingdom is underneath the sea
Apologies for the human race
But somehow I know you still see my face

So much left to teach
Are you an angel? I stand on the beach
Call me Gabriel and you're my Evangeline
Just know that I'll find you again underneath the sea

Fuck everyone forever
Fuck everything forever and ever
Are you an angel? 'Cause I'll wait on the beach
Call me Gabriel, my dear Evangeline

I'll find you again
Underwater
My beautiful angel
You're Heaven's daughter, ayy

Fuck everyone forever
Fuck everything forever and ever
Are you an angel? 'Cause I'll wait on the beach
Call me Gabriel, my dear Evangeline
