Gumshoe

Highly Suspect

Yeah, you had me stuck up in a promise
(You had me stuck up in a promise)
Sometimes I doubted you were honest
(Sometimes I doubted you were honest)
You always acted like I wanted
(You always acted like I wanted)
You never gave me what I needed
(You never gave me what I needed, oh)

You are so bad
And you take so good
You are pushing me away
When you lie to me

[Guitar bridge]

Now I got you hangin' where I want you
(I got you hangin' where I want you)
I got you searchin' like a gumshoe
(I got you searchin' like a gumshoe)
It wouldn't matter if you found me
(It wouldn't matter if you found me)
It wouldn't matter if you found me
('Cause you ain't never gonna find me anyway)

You are so bad
And you take so good
You are pushing me away
When you lie to me

You are so bad
And you take so good
You are pushing me away
When you lie to me
