

The Breaking Point

Highly Suspect

(Highly... Suspect...)

Where you gonna run to?
Where you gonna hide?
They're coming to get you
Oh, they're right outside now

How much can you handle?
How much can you take?
Before you start to crumble
Before you start to break

Was he everything you wanted?
Everything and more?
I can hear 'em, pretty baby
Oh, right outside your door

How much can you handle?
How much can you take?
Before you start to crumble
Before you start to break

How much can you handle?
How much can you take?
Before you start to crumble
Before you start to break
