

## The Go

Highly Suspect

Feel like I'm dyin'  
Every time I wake up  
That's what she said to me  
You're always cryin'  
Over some dumb breakup  
C'mon, you gotta let it be

They said to let it be, yeah  
Let it be, yeah

You're drivin' so fast  
You can't see nothin'  
Girl you better watch your speed  
On second thought, I think  
They told us something  
When they said to let it be

You gots to let it be, yeah  
Let it be, yeah  
Just let it be  
Let it be, yeah

I know I'm 'bout to lose control  
Will you stay here  
Or will you go?  
I cannot see the road below  
I think it's time we both let go  
I know I'm 'bout to lose control  
Will you stay here  
Or will you go?  
Said, I cannot see the road below  
I think it's time we both let go

They said to let it be, yeah  
Let it be, yeah  
You gotta let it be  
Let it be, yeah  
The more I say let it be, yeah  
You gotta let it be, yeah  
He said, let it be  
Just let it be, yeah

Won't you let go  
Alright  
Oh you gotta let it go  
Sometime  
I'll be right here  
I'll be right by your side  
Oh  
We're gonna rock on  
Yeah  
Take my hand  
We're gonna ride on, oh  
Yeah  
  
You gotta lose control  
Let it be, yeah

I heard him say those  
Let it be, yeah
