

Then Mickey 2

Highly Suspect

Planning something all day
Another great escape
I knew my plans would take away from me
Some things I love

Take it all back now
Let it all fall down
Take it all back now
Let it all fall down

These mistakes I've made
Helped bring me here today
I've been to hell and back
I know it's all inside my brain
Inside my brain

These mistakes I've made
Inside my brain

Take it all back now
Let it all fall down
Take it all back now
Let it all fall down

Inside my brain
Inside my brain
Take it all back now
Inside my brain
Let it all fall down

Inside my brain
Inside my brain
Inside my brain
Inside my brain
These mistakes I've made
Helped bring me here today
I've been to hell and back
I know it's all inside my brain
Inside my brain
Inside my brain
Inside my brain
