

## Cry, Cry, Cry

### Highway 101

It's just a little creek now  
But when the rain comes down  
It's gonna be a raging river  
I just heard my baby say goodbye  
He left me here holding back my tears  
And now he's gone forever  
The dam's gonna break and I'm a-gonna cry, cry, cry

Well, I'm a-gonna cry and I don't care who sees  
I wonder if he knows what he's done to me  
Gonna love that boy till the day I die  
Till the day I do I'm gonna cry, cry, cry

Now he's gone the pain's coming on  
I can feel my whole body shaking  
Looky here now what's this in my eye  
All I hear ringing in my ear  
Is the sound of my heart breaking  
The dam's gonna break and I'm a-gonna cry, cry, cry

Well, I'm a-gonna cry and I don't care who sees  
I wonder if he knows what he's done to me  
Gonna love that boy till the day I die  
Till the day I do I'm gonna cry, cry, cry

Well, I'm a-gonna cry and I don't care who sees  
I wonder if he knows what he's done to me  
Gonna love that boy till the day I die  
Till the day I do I'm gonna cry, cry, cry
