

# Safe Haven

Hillary Scott

My papa was a big 'ol man  
He held the world and me in the palm of his hand  
He held us altogether  
The family corner stone  
His voice was deep just like his fate  
He'd always call me, "sugar babe"  
And what I wouldn't give to hear "I love you" one more time  
He loved to read John 3:16  
Tapped along to hymns we'd sing  
He left us so much more than earthly things

Sometimes when there's no answer  
Or no reason for the pain  
And I just can't wrap my head around the wire of things that come my way  
I still believe you hold a place for us in heaven  
So even when my faith on earth is shaken  
You're my safe haven

He said my home's not here, no I'm not bound  
My home is built on higher ground  
And where I'm going, oh goodbye don't mean a thing  
There's gonna be some things I miss  
But don't forget God promises we'll be together on the other side

Sometimes when there's no answer  
Or no reason for the pain  
And I just can't wrap my head around the wire of things that come my way  
I still believe you hold a place for us in heaven  
So even when my faith on earth is shaken  
You're my safe haven

Ooh, ooh, oh  
It's comfort for my heart that breaks  
To know you're in a better place  
And that I'll see your loving face again  
I still believe you hold a place for us in heaven  
So even when my faith on earth is shaken  
You're my safe haven  
You're my safe haven

My papa was a big 'ol man  
He held the world and me in the palm of his hand
