

All Praises To The King

Hillsong Live

What a joy I feel to think about forever
I'm a child of God
With blessings from Heaven
By your side, days always brighter
The Holy one
My Master
My Father

I will dwell in your courts
I will sing for you
You're my deepest love
Jesus
I love you

It's a love song I sing
It's an anthem from my heart
All praises to the King

I am not alone
Jesus
You're near me
Washed me clean with hands full of mercy
You're a resting place for all who are weary
A perfect place
And a new beginning
