

Your Name

Hillsong Live

I hear the sound of the holy war
A battle going on in the Name of the Lord
He's already won the victory
The saints rise up and the enemy flee

God of creation He is on your side
He came that we might have new life
You took my destiny into Your hands
In Jesus Name I safely stand

My heart's on fire
To do Your will
My one desire
Is to spend my lifetime praising
