

# Greatest of These

Hillsong United

I could chase after greatness  
First to fall on my knees  
Lose myself to be found  
Where You want me  
I could do all the right things  
Sing the words till they bleed  
But I know it's just noise  
If I don't have love

So I won't waste my breath  
If it's not for love  
I don't have the heart  
If it's not for love  
Don't let me say it's faith  
If it counts no cost  
'Cause there's no fear in love  
But there is a cross

I could speak like the angels  
Prophecy knowing all  
I could live with the faith  
To move mountains  
And should I die like a martyr  
Give my wealth to the poor  
It would all scream loud-nothing  
If I don't have love

So I won't waste my breath  
If it's not for love  
I don't have the heart  
If it's not for love  
Don't let me say it's faith  
If it counts no cost  
'Cause there's no fear in love  
But there is a cross

Be patient, be kind  
Hold no envy or pride  
Be the first to come last  
For another  
Never forced, slow to anger  
Trust without keeping score  
Long to suffer with truth  
Love will never die

Oh I won't waste my breath  
If it's not for love  
I don't have the heart  
If it's not for love, no  
Don't let me say it's faith  
If it counts no cost  
'Cause there's no fear in love  
But there is a cross

Love will never die  
But there is a cross
