

# Never Let Me Go

Hillsong United

In the shadows; My spirit weak  
Love broke through the darkness and lifted me  
And I know you'll never let me go

In the storm in the raging sea  
Love conquered the fear and delivered me  
And I know you'll never let me go

Oh love in the shadows  
Be the light who leads me on  
You're love I will follow  
Be my guide, You're will be done  
Oh Lord

In the arms of the One unseen  
Love carried the cross that was meant for me  
And I know you'll never let me go

Oh love in the shadows  
Be the light who leads me on  
You're love I will follow  
Be my guide, You're will be done

Oh Lord I surrender, now forever I'll be loved  
In the love of the Father, You are faithful You are strong  
So hold me now, hold me now, hold me now

Nothing in this life has walked these streets  
Love opened my eyes show me what You see  
And I know I'll never let You go
