

As I reflect, I find perspective  
There in the best and worst days of this life  
You were always on my side  
You're in the pain, You're in the promise  
And on the days the furnace finds my faith  
You're the fourth within the flames

I don't need to know what the future says  
'Cause if the past could talk it would tell me this

My God isn't finished yet  
If He did it before He can do it again  
So I'll trust Him with what comes next  
For the God I know is known for faithfulness  
Yeah, my hindsight says I can trust Him with what's next  
For the God I know is known for faithfulness

There's more ahead, than what's behind me  
'Cause through the highs and lows and in between  
God You go ahead of me  
And where You call me, I will follow  
If the water folds beneath my feet  
Then You'll pull me from the deep

I don't need to know what the future says  
'Cause if the past could talk it would tell me this

My God isn't finished yet  
If He did it before He can do it again  
So I'll trust Him with what comes next  
For the God I know is known for faithfulness  
Yeah, my hindsight says I can trust Him with what's next  
For the God I know is known for faithfulness

I don't need to know what the future says  
'Cause if the past could talk it would tell me this

My God isn't finished yet  
If He did it before He can do it again  
So I'll trust Him with what comes next  
'Cause my hindsight says I can count on this

My God isn't finished yet  
If He did it before He can do it again  
So I'll trust Him with what comes next  
For the God I know is known for faithfulness  
Yeah, my hindsight says I can trust Him with what's next  
For the God I know is known for faithfulness
