

To My Knees

Hillsong Young & Free

In the Saviour's love
I find joy beyond compare
Endless peace covers all of me
When You breathe within
You turn winter into spring
Grace dissolves every fear in me

Your Love brings me to my knees
Brings me to my knees
My King forever
You are all my heart desires
Until the end of time
My soul surrendered

In my vacant heart
Lord You came and made a home
You bring light to the dark in me
When I lose my way
I am beckoned into grace
You alone are my everything

Your Love brings me to my knees
Brings me to my knees
My King forever
You are all my heart desires
Until the end of time
My soul surrendered

All the earth sing of mercy never ending
I will worship with all that is within me
Holy Holy, Lord God almighty
King of Heaven, Your's is the glory

Your Love brings me to my knees
Brings me to my knees
My King forever
You are all my heart desires
Until the end of time
My soul surrendered

Your Love brings me to my knees
Brings me to my knees
My King forever
You are all my heart desires
Until the end of time
My soul surrendered
