

Don't Happy, Be Worry

Hilltop Hoods

Something's in the air
I can't put my finger on
My first world worries seem a little funny
When we got a bigger problem
I try to wash away my cares
They just seem to linger on
In times like these, I try breathe
And put it down into song

Got trust issues, bad paparazzi
Half of the news that act fugazi
Famine but there's snacks at the party
Elon Musk and that pack of nazis
Some are fighting boredom around their house
Others fight for borders around their house
The fall out's getting sort of scary now
This New World Order? Tear it down
There's rising temperature, you say
You worry 'bout the weather on Tuesday?
Ice caps are melting apart
I'm building an ark, prepping for doomsday
One minute to midnight and counting
Get a feeling a bit like I'm drowning
Clocks ticking and live life for now thing
It's all good, I'm gonna be just fine

I'm not here for a good time
Or a long time, from what it looks like
Don't @ me, I'm sorry
Don't happy, be worry
I'm not here for a good time
Or a long time, from what it looks like
Don't @ me, I'm sorry
Don't happy, be worry
Be worry, be worry
Be worry, be worry
She's worried, he's worried
We worry, be worry

Tim Curry, Pete Murray
Bill Murray, Keith Murray
P-Money, Steve Harvey
Kid Cudi, Steph Curry
That's just a list of guys
Unconnected, you will find
It's just a rhyming exercise
That I use to calm my mind
'Cause I'm worried, not a first
And I'm only, getting worse
I see defeat like an open sandal
Shit's 'bout to blow like a roman candle
Ninety nine luft balloons 'bout to pop
Why do I feel the nukes 'bout to drop
Mighty Mighty Bosstones, time to knock
On wood, 'cause it ain't all good, make it stop

You take your kids to Willy Wonka

While I choose a carpet for my bunker
Want my kids for another summer
And I'm sure that Trump must love Ivanka
So keep that finger off the red button
Looters come out, but they'll get nothing
Come to close I'm a headbutt 'em
Cheer up, it could always be worse?

I'm not here for a good time
Or a long time, from what it looks like
Don't @ me, I'm sorry
Don't happy, be worry
I'm not here for a good time
Or a long time, from what it looks like
Don't @ me, I'm sorry
Don't happy, be worry
Be worry, be worry
Be worry, be worry
She's worried, he's worried
We worry, be worry

A little bit a worry is healthy
A bit of concern is natural
I don't need you to help me
Ain't shit you can tell me
I'm just being practical
A little bit a worry is healthy
A bit of concern is natural
I don't need you to help me
Ain't shit you can tell me
I'm just being practical

I'm not here for a good time
Or a long time, from what it looks like
Don't @ me, I'm sorry
Don't happy, be worry
I'm not here for a good time
Or a long time, from what it looks like
Don't @ me, I'm sorry
Don't happy, be worry
Be worry, be worry
Be worry, be worry
She's worried, he's worried
We worry, be worry
