

Circle Of Fear

HIM

Ami C **Emi**
Heartache's knocking on her door
Ami C **G**
Shadows dance outside her window
Ami C **Emi**
Tears keep falling on the floor
Ami C **G**
As the world around her crumbles
As the world around her crumbles

F **G**
If you wanna save her
Ami
Then first you'll have to save yourself
F **G** **Ami**
If you wanna free her from the hurt
Ami
Don't do it with your pain
F **G** **Ami**
If you wanna see her smile again
Ami
Don't show her you're afraid
F **G** **Ami**
'Cause your circle of fear is the same

Ami C **Emi**
Love can be as cold as grave
Ami C **G**
A one way ticket to endless sorrow
Ami C **Emi**
An empire of gentle hate
Ami C **G**
Today without tomorrow

F **G**
If you wanna save her
Ami
Then first you'll have to save yourself
F **G** **Ami**
If you wanna free her from the hurt
Ami
Don't do it with your pain
F **G** **Ami**
If you wanna see her smile again
Ami
Don't show her you're afraid
F **G** **Ami**
'Cause your circle of fear is the same

It's the circle of regret
The circle of hate
The circle of death
Your circle of fear is the same
Your circle of fear is the same

F **G**
If you wanna save her

Ami

Then first you'll have to save yourself
(if you wanna save her)

F **G** **Ami**

If you wanna free her from the hurt

Ami

Don't do it with your pain
(if you wanna free her)

F **G** **Ami**

If you wanna see her smile again

Ami

Don't show her you're afraid
(if you wanna see her)

F **G** **Ami**

'Cause your circle of fear is the same

Your circle of fear is the same (Repeat till end)
