

## Shatter Me With Hope

HIM

The girl who cried at love, won't you come and play with me?  
You can be Cassandra, underneath the sword of Damocles  
We'll tear this baby apart wise like Solomon  
Run, come shatter me now  
Shatter me with hope  
Crawl, come breathe me in, bleed out sorrow  
Scream me a dream, untouched by shadows  
Baby, shatter me now, shatter me now  
Shatter me with hope

She'll be the witness to the repose of Evelyn  
Push the needle in  
To the of canticles of ecstasy  
Turn to page 43  
And you'll know how I feel

Run, come shatter me now, shatter me with hope  
Crawl, come breathe me in, bleed out all sorrow  
Scream me a dream, untouched by shadows  
Baby, shatter me now, shatter me now  
shatter me with hope

Swear on your heart's grave, I'm wrong  
and love like your life's depending on it  
(because it is!)

We'll tear this baby apart, wise like Solomon  
Turn to page forty three, and you'll know how I feel

Run, come shatter me now, shatter me with hope  
Crawl, come breathe me in  
Bleed out all sorrow  
Scream me dream, untouched by shadows  
Baby, shatter me now, shatter me now  
shatter me with hope  
Shatter me now, shatter me now, shatter me now  
Oh, oh-u, ooh  
Shatter me now, shatter me now, shatter me now  
Oh, oh-u, ooh, Oh, oh-u, ooh  
Scream me a dream.....!  
(Shatter me now, shatter me now, shatter me now)  
Scream me a dream.....!  
(Shatter me now, shatter me now, shatter me now)
