

# Ecstasy

HIMALAYAS

I can feel you  
Tossing through my veins  
Caressing my bones  
Alone in the pain [?]  
I can feel you  
You mess up my head  
Just one taste  
And I'm as good as dead

When I'm in ecstasy  
Well, baby, I'm high all the time  
And I'm calling  
So, baby, be mine  
Oh, baby, I'm high all the time  
And I'm calling  
So, baby, be mine

I need you  
So gimme your time  
Gimme your liberty  
And I'll give you mine  
Treat me good  
Oh, baby, treat me bad  
'Cause either way  
You're the best I've ever had

When I'm in ecstasy  
Well, baby, I'm high all the time  
And I'm calling  
So, baby, be mine  
Oh, baby, I'm high all the time  
And I'm calling  
So, baby, be mine

You're with them  
You're still there  
Yeah, you're toxic  
You cling to the air

I feel you  
But you've brought me back down  
And so I need you  
And I notice when you're not around

When I'm in ecstasy  
Well, baby, I'm high all the time  
And I'm callin'  
So, baby, be mine  
Oh, baby, I'm high all the time  
And I'm callin'  
So, baby, be mine  
So, baby, be mine  
So, baby, be mine  
So, baby, be mine
