

Mistakes

HIMALAYAS

I'll never be perfect
And I'll never be the person
That you want me to be
You'll never deserve this
The way that you've been treated by me

My mistakes make your heart break
Again and again
My mistakes make your heart break
Again and again

I'll never be better
But I'll always promise to change
Don't hold your breath
I've made this same promise
Time and time again

My mistakes make your heart break
Again and again
My mistakes make your heart break
Again and again

And heaven help me
'Cause I just need some help
To get my conscience clean
And heaven help me
'Cause I just need some help
To get my conscience clean

(My mistakes make your heart break)
(Again and again)
My mistakes make your heart break
Time and time again
My mistakes make your heart break
Again and again
(My mistakes make your heart break)
My mistakes
(Again and again)
(My mistakes make your heart break)
My mistakes
(Again and again)
