

Burn It Down

Hinder

This Devilish deceiving is toxic to my mind
I've told you I was leaving at least a thousand times
Now I can't keep repeating what I've already tried
Ooh, so far from even, you've gone and crossed the line

I feel anger inside and I'm losing my grip
I got too close to the edge and I slipped

No need to talk about it, don't wanna see your face
I won't feel bad about it, I'll throw it all away
It's too late to save it, gonna lay it all to waste
I'll strike a match and light it, it's going up in flames
You can't put it out
I'm gonna burn it down

Now I've heard all the reasons along with all the lies
And now it's barely breathing, you can't keep it alive
It's broken down and bleeding and all torn up inside
It's like you like the beating 'cause you won't let it die

I feel anger inside and I'm losing my grip
Got too close to the edge and I slipped

No need to talk about it, don't wanna see your face
I won't feel bad about it, I'll throw it all away
It's too late to save it, gonna lay it all to waste
I'll strike a match and light it, it's going up in flames
You can't put it out
I'm gonna burn it down

Down!

Don't wanna be right, gonna make it wrong
I'm gonna ignite, I'll burn it till it's gone
You're playing with fire, never gonna learn
You're walking on wire, you're gonna get burned
Hate you, and I can't let it go
Nothing left to do, I'm gonna explode

I feel anger inside, I feel anger inside
I feel anger inside

No need to talk about it, don't wanna see your face
I won't feel bad about it, I'll throw it all away
It's too late to save it, gonna lay it all to waste
I'll strike a match and light it, it's going up in flames
You can't put it out
I'm gonna burn it down
You can't put it out
I'm gonna burn it down
You can't put it out
I'm gonna burn it down
