

# Letting Me Go

Hinder

Honey where you been it's a quarter past 3  
I've been calling your phone but you just let it ring  
it's not like you to be breaking plans  
leaving me hanging, leaving me hanging

It kinda feels like I'm drowning cause it's all sinking in  
And baby I'm not stupid I'm just trying to pretend  
It's not over, it's not over

So tell me why I'm holding on  
to someone who's already letting go  
And tell me why I'm miserable  
When I hear our song on the radio

Tell me why do I try when I'm hurting inside  
And you fall out on your own  
Tell me why I'm holding on to someone  
Who's already letting me go

And do I wanna rebuild another bridge for you to burn  
It's funny how it feels when the table's turn  
It's like you're getting me back for always breaking plans  
leaving you hanging, leaving you hanging

It kinda feels like I'm dying I can barely begin  
And maybe I'm just stupid because I'm trying to pretend  
It's not over, it's not over

So tell me why I'm holding on  
To someone who's already letting go  
And tell me why I'm miserable  
When I hear our song on the radio

Tell me why do I try when I'm hurting inside  
And you fall out on your own  
Tell me why I'm holding on to someone  
Who's already, already letting me go

Oh woh woh...

Tell me did we let it fall apart  
Or were we always broken from the start

So tell me why I'm holding on  
To someone who's already letting go  
And tell me why I'm miserable  
When I hear our song on the radio

Tell me why do I try when I'm hurting inside  
Wnd you fall out on your own  
Tell me why I'm holding on to someone  
Who's already letting me go

Letting me go  
Letting me go
