

Live For Today

Hinder

One shot and ready to go
Followed by a couple more
At the pace we're goin'
Alcohol flowin', well we might not make it out the door

Everyday's a Saturday
We'll drink the day away
And I don't care that's all that I know

Gettin' wasted, shootin' seven doubles down
Summer time, all the sex is good your having tonight
We'll tear the town up and down
And pay for it tommorow I just wanna live for now

Got one blonde I'm takin' home
But I'm lookin' for a couple more
With the way things are goin'
Jager shots flowin'
She'll be followed by three or four, yea

Everyday's a Saturday
We'll drink the day away
And I don't care that's all that I know

Gettin' wasted, shootin' seven doubles down
Summer time, all the sex is good your having tonight
We'll tear the town up and down
And pay for it tommorow I just wanna live for now

Gettin' wasted, gettin' wasted
Gettin' wasted, gettin' wasted
Gettin' wasted, gettin' wasted
Gettin' wasted, gettin' wasted
Gettin' wasted
