

Up All Night

Hinder

Saw a waitress, couldn't waste it
Opportunity knocks and you take it
Went to my place, gotta get a taste
Couple shots hit the bong we were wasted
Now she's all in, the room is spinning
Probably shouldn't have shot that Jameson
Here we go again, she's a perfect 10
Just tell me how I was in the morning

The night's far from over
And I'm far from sober
But she's looking fine

We're gonna be up all night
Gonna take you for a ride
We're gonna be up all night
Get it on 'til the morning light
We're gonna be up all night
Doing things your dad won't like
So far from sober that I'll have to slam
Through my hangover

Got my attention, when she walked in
Turning heads with a tiny skirt and sassy grin
She's a blonde one, they say they're more fun
I'll let you know when the sexy dirty deed is done

The night's far from over
And I'm far from sober
But she's looking fine

We're gonna be up all night
Gonna take you for a ride
We're gonna be up all night
Get it on 'til the morning light
We're gonna be up all night
Doing things your dad won't like
So far from sober that I'll have to slam
Through my hangover

Yeah yeah, yeah yeah, hell yeah, up all night
Yeah yeah, yeah yeah, hell yeah, up all night

We're gonna be up all night
Gonna take you for a ride
We're gonna be up all night
Get it on 'til the morning light
We're gonna be up all night
Doing things your dad won't like
So far from sober that I'll have to slam
Through my hangover

We're gonna be up all night
Gonna take you for a ride
We're gonna be up all night
Get it on 'til the morning light
We're gonna be up all night

Doing things your dad won't like
We're gonna be up all night (yeah yeah yeah yeah)
We're gonna be up all night (yeah yeah yeah yeah)
We're gonna be up all night (yeah yeah yeah yeah)
We're gonna be up all night (yeah yeah yeah yeah)
We're gonna be up all night (yeah yeah yeah yeah)
We're gonna be up all night (yeah yeah yeah yeah yeah)
