

# Upside Down

Hinder

So what do we do?  
Things we know are wrong  
Doesn't tasteable  
For us to fell  
For us to feel  
Countable  
We were wrong  
To this place  
This kind of forsaken place  
Is full of hate  
So what do we take?  
What do we take?  
Take this life for granted  
How many more chances  
Before we all  
Before we all fall down to the ground  
Turn this place upside down  
So what do we lose?  
After lose control  
Situation  
I only lost it  
Because we lost youth  
I before  
So what do we take?  
What do we take?  
Take this life for granted  
How many more chances  
Before we all  
Before we all fall down to the ground  
Turn this place upside down  
Most to fall down to the ground  
Turn this place upside down  
So what do we take?  
What do we take?  
Take this life for granted  
How many more chances  
Before we all  
Before we all down for the ground  
Turn this place upside down  
Before I down to the ground  
Turn this place upside down
