# Burn

**Hinds**

Take my heart 'cause I don't want it
Teach me how to feel without it
Watch it 'cause it might be burning
Have it 'cause I can't afford it

I came here to let you know, well, if you think that I'm bad
Alright, hon', yeah, you're probably right
I used to feel attacked
I would have started a fight in the bus to change your mind

But nowadays I'm wiser, my brother's so proud
I'm juggling tequila shots, sadness and reggaeton nights
The worse they talk about me, the more it makes you hard
Patience made me stronger than you

Take my heart 'cause I don't want it
Teach me how to feel without it
Watch it 'cause it might be burning
Have it 'cause I can't afford it

That's right, I did almost lost control
Tried to play the role, fit in the mold
Yeah, and now, I'm here and I see clear
I cut my tears and killed those fears

I wanna tell my girls how are we fighting in this man's world
Yeah, we wanna have fun but not to follow your plan
Remember the day he tried to make you behave?
We didn't come here to please you, my dear

Take my heart 'cause I don't want it
Teach me how to feel without it
Watch it 'cause it might be burning
Have it 'cause I can't afford it

Take my heart 'cause I don't want it
Teach me how to feel without it
Watch it 'cause it might be burning
Have it 'cause I can't afford it
