

Come Back And Love Me <3

Hinds

Hey, you came at the wrong wrong time
With all the problems that I already had
I looked at you
Now I'm trapped in you eyes

Oh yeah, you came at the wrong wrong time
I'm getting stronger about falling apart
Can I have more...?

Come back and love me
Vente y te dejo ganar
Come back and love me
Es que odio esta manera de jugar
Come back to love me
Me evitas, me excitas de más
Come back to love me
Te lo juro que me duele si te vas

Oh yeah, you came at the wrong wrong time
With all the problems that I told you I had
Don't make me, make me say it
We both know we crossed the line

Even though you came at the wrong wrong time
I'd feel your presence even if I was blind
Where did you go...?

Come back and love me
Vente y te dejo ganar
Come back and love me
Es que odio esta manera de jugar
Come back to love me
Me evitas, me excitas de más
Come back to love me
Te lo juro que me duele si te vas
...
