

Fat Calmed Kiddos

Hinds

Dreams keep haunting, dreams stop growing
Endures half in time
Lips still hurting and my fears doesn't know it
You slept here for ten last night
Texting me while you were drunken
Whatever makes you happy makes me fine
But if you drive me one more time
Texting me while you were drunken
I'd rather be fast, I'd rather be fast
Whatever makes you happy makes me fine

Why do you always have to lie?
I knew you were rich cause I needed it dry
And you needed a breath cause you were out tonight
You're on the line
I seen you waving goodbye
I seen you waving goodbye
The piece you left me
I miss you in the night

High salt level
Cries for triple
And sailors started to shot
Fat calmed kiddos
Touching all your pillows
You can't run, you can't hide
Saving you, my love, could work
(I) can't touch the mysticism of your lies
You're not supposed to catch the signs
But I don't mind, I don't mind

Why are you always on my mind?
I needed a risk cause I needed to try
And I needed a breath cause you were out tonight
You're on my mind
I seen you waving goodbye
But if you thing that I would cry
I'm only saying
Please don't leave me
Please don't leave me
Please don't leave me
Please don't leave me
