

You Say

Hint

I really loved you, I really loved you
You say I don't care, but I do, really love you
This I swear on my dying breath, a love is never fair inless it
's true

I still need you, yes I need you
You know it's such a drag, but I do, really need you
Let's do something new, "just act your age," there's nothing le
ft to do

You say I don't care about you
You say....

I really loved you, yes I still love you
This I swear on my dying breath, a love is never fair unless it
's true

I really loved you, you know I still do!
