

# Floating Palace

Hippie Sabotage

These monsters all around me  
Learned to tune them out  
I'm floating, finding balance  
High up in the clouds  
The ability won't probably ever be around  
I'm in my floating palace  
Downing out the sounds

Drowning out the sounds  
Drowning out the sounds  
The ability won't probably ever be around  
I'm in my floating palace  
Drowning out the sounds

I'm on the devil's greyhound, hey  
Headed to heaven's playground, hey  
All life I've been space-bound, hey  
Keeping my head above ground, hey  
I want to move, but time's running slow  
Got on my knees to this city of ghosts  
Like as above, as so below  
See people may change but history don't

People may change but history don't  
People maintain when they can't cope  
People want fame when they need hope, yeah  
People want fame when they need hope  
We can't get bailed all we do is smoke  
We need the release, I feel like I choke, yeah

Life can be brutal it does what it wants  
It fills you with happiness, embedding us  
It's taking a minute I'm still in the mud  
Escaping the bullshit I still hear the buzz  
I'm using the pain as a trip off the block  
I'm fanning the flames, it will run out of stock  
See people scream changes, sit back and watch  
They want to go run but don't know how to walk

These monsters all around me  
Learned to tune them out  
I'm floating, finding balance  
High up in the clouds  
The ability won't probably ever be around  
I'm in my floating palace  
Downing out the sounds

Drowning out the sounds  
Drowning out the sounds  
The ability won't probably ever be around  
I'm in my floating palace  
Drowning out the sounds

I knew what I wanted out of life  
I didn't know what was coming, ey  
I knew I'd always find that space to thrive  
I didn't know it would crush me, ey

Bag that empty feeling inside  
Tryna relive everything I lost  
I need to let go of all my pride  
I stopped thinking about everything I caused

Put one foot in front the other  
Take this time to go discover  
How to put my faith in others, yeah yeah  
No reason to go suffer  
But when times are getting tougher  
Where do I go look for cover, yeah yeah

Truth can be brutal it does what it wants  
It fills you with rage if you don't conform  
The demons inside that you should expunge  
That might take a minute let go of that grudge  
And what are you doing, you're stuck in a rut  
You're giving the hate, ain't giving the love  
You have people around, to help you back up  
It's not how you fall, it's how you get up

These monsters all around me  
Learned to tune them out  
I'm floating, finding balance  
High up in the clouds  
The ability won't probably ever be around  
I'm in my floating palace  
Downing out the sounds

Drowning out the sounds  
Drowning out the sounds  
The ability won't probably ever be around  
I'm in my floating palace  
Drowning out the sounds
