

Wading Through the Flood

Hippie Sabotage

Can't get back to where I was
I've been wading through the flood
This girl won't fill up my lungs
Oh no, I won't go succumb
Can't get back to where I was
I've been wading through the flood
This girl won't fill up my lungs
Oh no, I won't go succumb

Breaking the lies I don't look back
So I ain't gon'do the worst
Stuck in the cracks it don't de track
I learned to fight the curse
Got no stacks re up my bag
I will never diverge I can't react
I'm staying intact like a god I will emerge
Hey, it's time to find out what it's worth
Rise up underneath the earth
Through the storm
I will deserve all my demons I will purge
This feels like it's my rebirth
I don't ever get discouraged
Under pressure I go flirts
Know exactly what's my purpose

Can't get back to where I was
I've been wading through the flood
This girl won't fill up my lungs
Oh no, I won't go succumb
Can't get back to where I was
I've been wading through the flood
This girl won't fill up my lungs
Oh no, I won't go succumb

Learn what matters when stuck in disaster
Life can be so hectic
Ain't no statue
Race no rapture all I hear is the static
I see the battles I'm climbing a ladder
I had to break the matrix balance
The fact is mine over matter
I'm living so majestic
I stay calm and collected
Never switching up my message
Roaming through the fucking wreckage
Never living with direction
Took a road out of depression
Found a spark to my connection
Using time and as my weapon
I'll be going without question

Hanging back to where I was
I've been wading through the floods
This girl won't fill up my lungs
Oh no, I won't go succumb
Bring it back to where I was
I've been wading through the floods

This girl won't fill up my lungs
Oh no, I won't go succumb
