

# Madman

Hippo Campus

I've got nothing to lose, outgrew my desperation  
I've grown accustomed to exceeding expectations  
I've given up the rules, that's an awful lot for a weekend

You're a go getter and I kinda like that  
Told me that you love me and I said it right back  
Got a little shiver now I can't relax  
Gonna jump your bones like a madman

So what I'm on the up and uppers all over the place?  
We have a fling, we make mistakes, we share our bodies, watch them break  
My attitude is at it's limit but it's like they always say  
I cannot win, I cannot win, I cannot win if I don't play

You're a go getter and I kinda like that  
Told me that you love me and I said it right back  
Got a little shiver now I can't relax  
Gonna jump your bones like a madman

Like a madman

You're a go getter and I kinda like that  
Told me that you love me and I said it right back  
Got a little shiver now I can't relax  
Gonna jump your bones like a madman

So what I'm on the up and uppers all over the place?  
We have a fling, we make mistakes, we share our bodies, watch them break  
My attitude is at it's limit but it's like they always say  
I cannot win, I cannot win, I cannot win if I don't play
