

## Broken Neck

Hirax

GO!!

The speed is too fast, the G's are too strong  
Nobody could withstand the force,  
Dead on impact, never felt a thing  
Crushed like a roach on the floor,  
Nobody is safe upon collision  
Big money hides the truth from us all  
Unsafe with no testing, rigged up to breakdown  
Blood on their hands, they will fall!!!  
BROKEN NECK, Concrete and steel  
Corporations make money from the dead.  
Millions of bodies, people die every year.  
Neglect they don't care, it's a sham
