Short cut to be a star

(Wana-darake no risō nagusame no kōjitsu

Gonna say I told you so

Toriage rareru kibō

Short cut to be a star

Wasn't born to raise the bar

Gomakashi no seigi wa dare mo okosenai arāmu no yōda

Failing feeling

Kidoairaku o kurīn ni shinaide

Koe o free ni)

Let's get 'em

So givin' yourself

Ya givin' yourself

The best shot

Be givin' yourself

Ya givin' yourself

The best shot

Don't you gotta get solo?

What you gonna get?

Swear it!

Don't you dare forget solo

Ya give it your best shot!

Go reach out to get ya

Gotta go reach out to get ya

Just go reach out to get ya

Get up, reach out for it

Go reach out to get ya

Gotta go reach out to get ya

Just go reach out to get ya

Just get in, get out, get on to it

Can't remember to forget

Little boy who lost the bet

Now I'm racking up the kills

I got to pay the bills, the bills

Be grateful what you get is a way to hit reset

Give you more than just a leg

Off the hook

I'm god level

Failing feeling

All those days are dead

There's no railing, ceiling

Let's get 'em

So givin' yourself

Ya givin' yourself

The best shot

Be givin' yourself

Ya givin' yourself

The best shot

Don't you gotta get solo?

What you gonna get?

Swear it!

Don't you dare forget solo

Ya give it your best shot!

Go reach out to get ya

Gotta go reach out to get ya

Just go reach out to get ya

Get up, reach out for it

Go reach out to get ya

Gotta go reach out to get ya

Just go reach out to get ya

Just get in, get out, get on to it

Game over but they gave him all the cheat codes

Little kiddy in the gutter with the bloody nose

On the cover but he doesn't even read those

The headlines

The headlines

So jacked but he hasn't got an ego

Local boy and he came up from a zero

Every battle we can watch him as the power grows

And grows

Let's get 'em

So givin' yourself

Ya givin' yourself

The best shot

Be givin' yourself

Ya givin' yourself

The best shot

Don't you gotta get solo?

What you gonna get?

Swear it!

Don't you dare forget solo

Ya give it your best shot!

Go reach out to get ya

Gotta go reach out to get ya

Just go reach out to get ya

Get up, reach out for it

Go reach out to get ya

Gotta go reach out to get ya

Just go reach out to get ya

Just get in, get out, get on to it
