

# No Differences

Hiroyuki Sawano

Got over it ages ago  
Where we were from the same river  
Thinking about how we lost our minds  
I don't care what's in the past  
They don't care about old trouble  
Many wars wherever you go  
Somebody please!  
Can we stop all the fights?  
I'll do it because it's my turn

Take a step back  
Please face up to reality yes!  
You don't hear me no!  
You can change that if you want  
But don't you know?  
There are people crying everyday  
Let's fly away  
For earth and mars today!

Don't stop me now  
Look around the world  
How can we to stop the war?  
Hello. but are we sure enough?  
You'll come back tomorrow  
But I need to know that  
Look around the world  
So what are we fighting for?  
Can I ask you?  
Why the sky is blue?  
There's no difference  
You and me

Take a step back  
Please face up to reality yes!  
You don't hear me no!  
You can change that if you want  
But don't you know?  
There are people crying everyday  
Let's fly away  
For earth and mars today!

Don't stop me now  
Look around the world  
How can we to stop the war?  
Hello. but are we sure enough?  
You'll come back tomorrow  
But I need to know that  
Look around the world  
So what are we fighting for?  
Can I ask you?  
Why the sky is blue?  
There's no difference  
You and me

Coz it's time to wake you up!  
Over there my friend now  
Come on take my hand

Take it now  
See, far away  
See the dawn  
It's time to grow  
Over there my friend  
Here we are  
Come on! just share this perfect sky  
See the dawn

Hold me now  
Catch my hopes  
Feel me now  
In your arms
