

# REMEMBER

Hiroyuki Sawano

Te o tometa ichi-byō de kawaru hazu naito  
Ki o yurumeta ushiro de tasuresou oto ga nigete iku oh  
Kimi wa damatte mite ita  
Yabuketa pēji no shoi de saki ga yomenai yō ni

Kono mama hitotsu no monogatari daite  
Endorōru mikaeshi tete mo hito ga sugite iku dake  
Otona no iiwake ni motarekakaru mae ni remember

Let it shine  
I will never give it up  
All the spirit is gonna let it fly  
Tsuyogatta hi no kotoba ga sabita yume no karada o mada sasaete iru  
Running circles around what is mine  
I'm getting closer as I move in time  
Wo-oh

Let 'em know  
Oh, let it shine  
Oh, let it shine my friend  
Sō dare no yowa-sa mo mae ni tsunageru  
You remember, purest heart?  
And the beauty of the colors  
Wo-oh

Wasn't feeling right and all of the gravity tore me down  
I needed to figure dilemmas out  
Just wanted to break out of borderlands  
And shout  
Now it's getting clear and I know why  
I feel all the waves  
It opens up  
I throw up my fist to punch the air

And the sun will shine forever  
We can feel this even better  
See the sky, it's looking brighter  
We have begun to think much deeper now  
Hear the praise  
I'm getting higher  
But I must control the fire  
Keep my cool

Let it shine  
I will never give it up  
All the spirits in gonna let it fly  
And we know every tear is gonna dry  
And the moon will shimmer in the sky  
Shimmer. shimmer for me  
Running circles around what is mine  
I'm getting closer as I move in time  
Just shine all you want  
Just shine all you can

Let 'em know  
Oh, let it shine  
Oh, let it shine my friend

So, let it shine  
So, let it fly  
Don't look back again  
You remember, purest heart?  
And the beauty of the colors  
They ran in the rain  
They ran in the rain

Kanadeta oto ga ima mada se de kaesa reta to shite mo  
Mirai no yubi ga furereba  
Deokureta sono ashi to aruki dasukara  
Running circles around what is mine  
I'm getting closer as I move in time  
Wo-oh

Let it shine  
I will never give it up  
All the spirits in gonna let it fly  
And we know every tear is gonna dry
